

Expression of Interest (EOI) for Empanelment as Arbitrator or Mediator

ABOUT GIMAC

Gujarat International Maritime Arbitration Centre (GIMAC) has been established taking cognizance of the future growth of the trade in India to be brought in by business positive initiatives such as National Logistics Policy, Make in India, Sagarmala, Bharatmala, Maritime India Vision, just to name a few.

GIMAC aims to re-imagine the Alternate Dispute Resolution (ADR) system in the maritime, shipping and it's allied sectors and also the other sectors in India, through expert services of experienced arbitrators, mediators and legal professionals practicing in the related sectors.

GIMAC is also highly aligned to the concept of AatmaNirbhar Bharat, which envisages India to be a self-reliant nation. One of the key pillars of AatmaNirbhar Bharat is the full utilization of the power of demand and supply. GIMAC would facilitate India's dream of being AatmaNirbhar by reducing its current dependance on arbitration and dispute resolution centres located outside India. GIMAC aims to provide expeditious mechanisms for dispute resolution across sectors, particularly the maritime and shipping sector by faster and cost effective dispute resolution mechanisms thus making India truly AatmaNirbhar.

GIMAC intends to be an efficient ADR centre competing at par with other globally renowned maritime arbitration institutions such as London Maritime Arbitrators Association (LMAA), Singapore Chamber of Maritime Arbitration (SCMA), Emirates Maritime Arbitration Centre (EMAC) and others. By establishing trusted global standards for maritime ADR services in India, GIMAC also aims to promote awareness of maritime and logistics dispute resolution services, facilitating development of India as one of the most favoured maritime nations in the world.
